

# WOMENS DAY CELEBRATION -2022

- We conducted a Women's Day function to honor and celebrate the women associated with the Shree Renga Polymers SRP Foundation. Our goal was to make each woman feel truly special and valued.
- We ensured that every woman received individual attention, highlighting their unique strengths, capabilities, and the achievements they have accomplished so far. The event was meticulously planned to include a variety of activities designed to recognize and celebrate their contributions.
- The celebration featured personalized acknowledgments, where each woman was praised for her specific talents and accomplishments. This recognition not only boosted their morale but also reinforced our appreciation for their hard work and dedication.
- In addition to the individual accolades, the event included interactive games, inspiring talks, and performances that showcased the diverse skills of the participants. The atmosphere was vibrant and filled with joy, providing a platform for everyone to connect and celebrate together.
- Overall, the Women's Day function was a heartfelt tribute to the incredible women of our organization, leaving a lasting impact and reinforcing our commitment to their empowerment and recognition.

# Awareness & Screening Breast cancer and Cervical cancer

March is a month for women.

SRP Foundation conducted Breast cancer and cervical cancer screening test for the women employees of our companies.

We started with an awareness session on Breast and cervical cancer. The doctor of Kauvery Hospital addressed the employees. The goal of breast and cervical health awareness is to educate women about the importance of diagnosing cancer at early stages when treatment is easier and the outcome is better.

Mammograms and Pap tests save lives. But, even today, too many women don't have access to lifesaving breast and cervical cancer screenings.

Employees of Shree Renga Polymers clarified all their doubts with the doctors.

Productive session for our team

# WOMENS DAY - 2024

SHREE RENGA POLYMERS

- March 8th 2024- We celebrated Women's Day at our premises with the theme "Invest in Women, Accelerate Progress." Aligned with this theme, we dedicated significant resources and attention to the development and empowerment of women.
- As part of the event, we invited Dr Kiruthika, a renowned skin specialist, who delivered an informative and engaging talk on skin care. She provided valuable insights on how to maintain healthy skin and protect it from various environmental factors. Dr. Kavita also addressed numerous questions from the audience, ensuring that everyone received personalized advice and solutions to their skin concerns.
- The celebration was not only about skin care but also about emphasizing our commitment to women's development. We believe that investing in women is crucial for accelerating progress in our community and beyond. The event included various activities and sessions aimed at empowering women, highlighting their strengths, and celebrating their achievements.
- Our focus on women's development is driven by the belief that women are the future. A future without the active participation and contribution of women is unimaginable, especially for a country like India. By supporting and investing in women, we are contributing to a brighter, more equitable future for all.
- Overall, the 2024 Women's Day celebrations were a testament to our ongoing commitment to the growth and empowerment of women, reinforcing the idea that their progress is essential for the progress of our society.
